JogNog®

JogNog helps students remember!™

Key Benefits

Easiest to Use
JogNog is consistently rated by teachers as the easiest to use educational app.
Students are Engaged
Students spend nearly three times more time engaged on JogNog (17 minutes) than on Khan Academy (6 minutes). And more than twice as much time as the leading online math practice sites as measured by "Daily Time on Site" by Alexa.com.

Teachers Save 2-3 Hours Each Week with Automated Assessment
Teachers report saving 2-3 hours each week by using JogNog quizzes for their students and the JogNog grade reports to automatically calculate students' formative and summative assessment results.

Principals See State Assessment Scores Increased
A three-year longitudinal study in the state of Massachusetts showed that JogNog improved the number of proficient students by 3% over non-JogNog schools for each year of the study.

Proficiency of 15 Schools On State Science Assessment Before and After Using JogNog
