

Student start-up

- Students create accounts
- Teacher invites students to join their class
- Get started in under 2 minutes

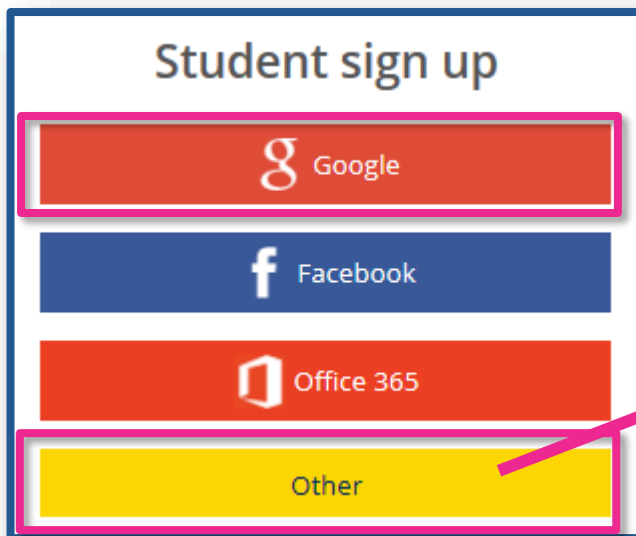

1

Sign up for free as a STUDENT at www.JogNog.com

2

Sign up with Google or email account

Pick a user name and password you can remember

A screenshot of the 'Student sign up' form. It contains the following fields: 'User name', 'Password', 'Email (optional)', and a checkbox for 'If under 13 years old please enter parent's or teacher's email'. A 'Sign up' button is located at the bottom right. A pink arrow points from the 'User name' field to the text box above, and another pink arrow points from the 'Email (optional)' field to the text box below.

If you are under 13 we'll let your guardian know that you signed up.

Enter your email so we can remind you if your forget your password. Leave blank if you don't have an email address.

- 3** Go to the HOME tab
Enter the Class Code your teacher gives you

Check out the leaderboard

- 5** JogNog.com also works great on your phone, tablet, or Chromebook internet browser. Try it out to get all the features not in the app!

Congratulations!

You have joined your teacher's class and can start your first quiz. Check out the leaderboard and the TOWERS page to see how you are doing. Good luck!
