

Team Play

- An interactive, team competition in your classroom
- Randomly divides your students into two teams
- The team that correctly answers the most questions wins
- Great for building teamwork and for topic review

1 Click on any JogNog quiz and then click on “Team play”

2 Pick a class and JogNog automatically creates two teams. Click Start and have your students begin playing the quiz.

We built teams from your class!

Shrimps	Toads
jstudent1	jstudent2
jstudent3	jstudent6
jstudent4	marymary
jstudent5	posh

Start

Change time limit: 09:28

Shuffle teams

Add student to team: Have your student enter this code **KDCVBHF** on their home page and click "Join class". After your student has joined the class [click here](#) to see them listed on the teams above.

Set the time that the competition will last.

Remove a student if they are not in school that day.

Students can join the class if they haven't already.

Randomly shuffle students from one team to another.

3 Ask students to begin playing the quiz on the JogNog home page on their devices.

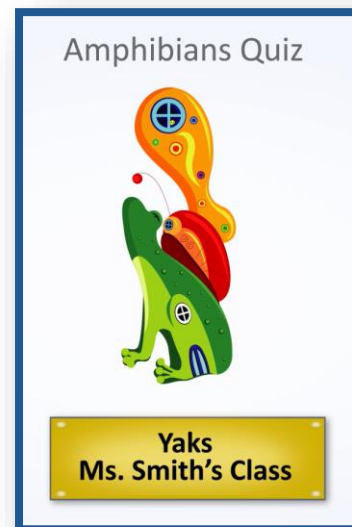

4

Students answer questions from the selected quiz on their own devices and their scores appear on the teacher's screen. When time runs out, the team with the most points WINS!

Worms		52	60	Yaks												
JPerez32	19			Yaks win	SAllenton3	7	RYoung2	18	HJohnson5	26	KJones56	19			TKim12	23
SAllenton3	7				RYoung2	18										
HJohnson5	26				KJones56	19										
		TKim12	23													

5

The tower is tagged with the class and school name. Everyone playing JogNog will see the tag until another school replaces it.

Congratulations!

You can now use JogNog's Team play to hold exciting in-class learning challenges.
